**IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED**

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

**EXTRACT FROM 8 CFR 120**

Sec. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 169.13-169.17, has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED**

**ALIEN SEAMEN**

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164; 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$300 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (c), 167 (e).)

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. (d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Sworn to before me this 14TH day of OCTOBER, 1954.

*John E. Young*  
Immigration Officer.

### IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

### EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (c) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sum, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sum or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

(a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

(a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. ## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I acknowledge that section 251 (d) of the Immigration and Nationality Act imposes a fine of \$10 for each change in crew not reported by me. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. ## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A.W.H. MARKLEY, of the AMERICAN SS HILLYER BROWN, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this 18th day of October OCT 18 1954, 19 54.

James H. Lane  
Immigration Officer.

A.W.H. Markley  
Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164; 8 U. S. C. 166.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Charles M. Lang, of the Am. O. L. S. RUTH ANN, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this 19th day of October, 1954  
M. L. Jones  
 Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED**

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

**EXTRACT FROM 8 CFR 120**

SEC. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED**

**ALIEN SEAMEN**

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164, 165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, SHIINA NOBUAKIHI Master of the M.S. "HIKAWA MARU", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_

Immigration Officer.

Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. No vessel or aircraft shall be granted clearance of arrival pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

**EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)**

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. ## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I, M Davidson, of the M.V. JOAN W I, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from Title 8, Code of Federal Regulations, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

M Davidson  
Master, First or Second Officer.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.

Immigrant Inspector.

**IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED**

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

**EXTRACT FROM 8 CFR 120**

Sec. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED**

**ALIEN SEAMEN**

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I, O. George, of the Canadian M/V Tanga, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this

Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. ## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Master, First or Second Officer.

A. J. Maguire  
Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

[illegible]

I acknowledge that section 251 (d) of the Immigration and Nationality Act imposes a fine of \$10 for each change in crew not reported by me. I certify that the foregoing is a complete and accurate report, and that, should any additional changes in crew occur before departure from this port, I will report such changes to the immigration authorities.

**Master—Commanding Officer.**

**EXTRACT FROM IMMIGRATION AND NATIONALITY ACT**

SEC. 251. (c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, as the Attorney General shall by regulations prescribe, such lists shall be furnished at such times as the Attorney General may require. If the owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct information, he shall be liable to a fine of not more than \$100 and to imprisonment for not more than 30 days.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by subsections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding subsections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

(e) The Attorney General is authorized to prescribe by regulations the circumstances under which a vessel or aircraft shall be deemed to be arriving in, or departing from the United States or any port thereof within the meaning of any provision of this chapter.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

(a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, O. L. MAPES, of the S.S. FLYING SCUD, do declare  
that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted  
the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this

day of

Master, Richard M. Shults

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged; and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

**IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED**

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

**EXTRACT FROM 8 CFR 120**

SEC. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED**

**ALIEN SEAMEN**

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon the deposit of a sum sufficient to cover such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, George R. Parsons, Master, of the SS PEACH TREE STATE, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this 24<sup>th</sup> day of October, 1954  
Walter H. Douglas  
 Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon, at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

(a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sum, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sum or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

**ALIEN SEAMEN**

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the payment thereof of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## FILE - V. 1 EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively held in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I, **ELLIS A. POLMAR, Master**, of the **USNS GENERAL JOHN POPE (T-AP 110)**, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from Title 8, Code of Federal Regulations, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

Sworn to before me this 26 day of October, 1954  
*Robert R. Reiman*  
 Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or departed, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. Sec. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I, \_\_\_\_\_, of the \_\_\_\_\_, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from Title 8, Code of Federal Regulations, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

Sworn to before me this 27 day of October, 1954 Master, First or Second Officer.  
Richard J. Hutchinson  
 Immigrant Inspector.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. ### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs; upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

SEC. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the payment thereof if such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

I, M. C. Stone, Master, of the SS HAWAIIAN CRAFTSMAN, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

### EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives: pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. ### EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. G. B. Craig, of the Coln. Jug. Master, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_

Immigration Officer.

W. G. B. Craig  
Master, ~~First Officer~~

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, LAURITS PEDERSEN, of the M/V "PANAMA", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_

Immigration Officer.

Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 48 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. **IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED**

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

**EXTRACT FROM 8 CFR 120**

SEC. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED**

**ALIEN SEAMEN**

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 165.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

[illegible][illegible]

I acknowledge that section 251 (d) of the Immigration and Nationality Act imposes a fine of \$10 for each change in crew not reported by me. I certify that the foregoing is a complete and accurate report, and that, should any additional changes in crew occur before departure from this port, I will report such changes to the immigration authorities.

I, STUART A. TULLOCH, MASTER, of the AMERICAN MV F.E. LOVEJOY, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

*Stuart A. Tulloch*  
Master, ~~XXXXXXXXXX~~

Sworn to before me this 30TH day of OCTOBER, 1954.

*E. L. Walker*  
Immigration Officer.

## **IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## **EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)**

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, BARRY LARSEN, of the M/V NEAPACK '1, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this

Immigration Officer.

Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A. J. Webb of the Can. Motor Tug "SIRMAC", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this 30th day of October, 1954  
W. L. Walker  
 Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

N O NE

I acknowledge that section 251 (d) of the Immigration and Nationality Act imposes a fine of \$10 for each change in crew not reported by me. I certify that the foregoing is a complete and accurate report, and that, should any additional changes in crew occur before departure from this port, I will report such changes to the immigration authorities.

Master—Commanding Officer.

EXTRACT FROM IMMIGRATION AND NATIONALITY ACT

SEC. 251. (c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by subsections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding subsections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

(e) The Attorney General is authorized to prescribe by regulations the circumstances under which a vessel or aircraft shall be deemed to be arriving in, or departing from the United States or any port thereof within the meaning of any provision of this chapter.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Masakichi SHIINA, Master, of the M. S. "HIKAWA MARU", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.

Immigration Officer.

Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Masakichi SHINA, Master, of the M.S. "HIKAWA MARU", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Master, First or Second Officer.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I, ODD A. ARNESEN, MASTER of the NORWEGIAN M/S HØEGH SILVERCREST, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. **IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED**

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and delivered either of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

**EXTRACT FROM 8 CFR 120**

Sec. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished; and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.12-160.17, has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED**

**ALIEN SEAMEN**

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board a vessel after such inspection or to deport such seaman if required by such immigration officer, shall be liable to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Oscar A. Lee, Master, of the Amer. MV Chinook, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

*Oscar A. Lee*  
Master, *Field of Service*

Sworn to before me this 1st day of November, 19 54.

Immigration Officer.

### IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

### EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. B. Craig, of the Cuba King Master, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this

day of

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

"GEORGIOS", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from subdivision B, Rule 7, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

Immigrant Inspector.

**IMPORTANT NOTICE TO MASTER**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917**

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded. *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

**EXTRACT FROM SUBDIVISION B, RULE 7**

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924**

**ALIEN SEAMEN**

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge of the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Master, A. DOWELL

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I, Gerhard Relling, of the Am. Cl. S. VITANIC, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this

Master, Gerhard Relling

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

I acknowledge that section 251 (d) of the Immigration and Nationality Act imposes a fine of \$10 for each change in crew not reported by me. I certify that the foregoing is a complete and accurate report, and that, should any additional changes in crew occur before departure from this port, I will report such changes to the immigration authorities.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. L. FILLIS, MASTER, of the AMERICAN S/S J. L. HANNA, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this THIR day of NOV, 1954  
Charles R. Kuhn  
 Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. (c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. # AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, John H. Douglas, of the U.S. S. "S. S. S.", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this

day of

November 2, 1954

Master, John H. Douglas

Walter H. Douglas  
Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

### IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

### EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

Immigration Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

EXTRACT FROM 8 CFR 120

Sec. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, P. F. OWENS MASTER of the S. S. PACIFIC RAIDANCE, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this NOV 6 - 1954 SEATTLE, WASH. day of November, 1954  
Immigration Officer.

Master, ~~First~~ Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port, or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **JOHN A. CAMPBELL**, MASTER of the ss "PROGRESS ELI BENT", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from Title 8, Code of Federal Regulations, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

Sworn to before me this 6th day of November 1954

*A. L. Hille*  
Immigrant Inspector

*J. A. Campbell*  
Master, ~~PROGRESS ELI BENT~~

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917, AS AMENDED

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Attorney General shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Attorney General, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine. (39 Stat. 896-897; 8 U. S. C. 171.)

EXTRACT FROM 8 CFR 120

Sec. 120.12. Lists of alien employees; when clearance of vessel denied. Clearance shall not be granted any vessel until the lists required by section 36 of the Immigration Act of 1917 (39 Stat. 896; 8 U. S. C. 171), have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said Act (39 Stat. 896; 8 U. S. C. 169) having been served, the deposit specified in §§ 160.13-160.17, has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924, AS AMENDED

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States. (43 Stat. 164, 8 U. S. C. 166.)

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

(c) If the Attorney General finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Attorney General. (43 Stat. 164-165, 58 Stat. 816; 8 U. S. C. 167 (a), 167 (c).)

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, R. Pallant, of the Seamaid, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the extracts from the Immigration and Nationality Act, which appear below.

Sworn to before me this NOV 6 - 1954 SEATTLE, W. WA. of 19  
[Signature] Immigration Officer.  
R. Pallant Master, First or Second Officer.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on forms approved by the Department and be ready for delivery to the immigration officer boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form I-489) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be inserted in column 10 on the manifest. In order to facilitate inspection of alien seamen, include names of arriving American citizen seamen as well as aliens.

When any member of the crew shall have been treated or furnished medicine during the voyage for any of the diseases or disabilities specified in section 255 of the act, notation to that fact shall be made in column 8 opposite the name of the crewman receiving such treatment or medication.

In column 9 opposite the name of each alien crewman shall be shown the serial number (including any letter which is a part thereof) of any Immigration or Foreign Service form in his possession which, under the act, he is required to present and surrender upon applying for admission to the United States.

## EXTRACTS FROM IMMIGRATION AND NATIONALITY ACT (JUNE 27, 1952)

Section 251. (a) Upon arrival of any vessel or aircraft in the United States from any place outside the United States it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof to deliver to an immigration officer at the port of arrival (1) a complete, true, and correct list containing the names of all aliens employed on such vessel or aircraft, the positions they respectively hold in the crew of the vessel or aircraft, when and where they were respectively shipped or engaged, and those to be paid off or discharged in the port of arrival; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(b) It shall be the duty of any owner, agent, consignee, master, or commanding officer of any vessel or aircraft to report to an immigration officer, in writing, as soon as discovered, all cases in which any alien crewman has illegally landed in the United States from the vessel or aircraft, together with a description of such alien and any information likely to lead to his apprehension.

(c) Before the departure of any vessel or aircraft from any port in the United States, it shall be the duty of the owner, agent, consignee, master, or commanding officer thereof, to deliver to an immigration officer at that port (1) a list containing the names of all alien employees who were not employed thereon at the time of the arrival at that port but who will leave such port thereon at the time of the departure of such vessel or aircraft and the names of those, if any, who have been paid off or discharged, and of those, if any, who have deserted or landed at that port; or (2) in the discretion of the Attorney General, such a list containing so much of such information, or such additional or supplemental information, as the Attorney General shall by regulations prescribe. In the case of a vessel engaged solely in traffic on the Great Lakes, Saint Lawrence River, and connecting waterways, such lists shall be furnished at such times as the Attorney General may require.

(d) In case any owner, agent, consignee, master, or commanding officer shall fail to deliver complete, true, and correct lists or reports of aliens, or to report cases of desertion or landing, as required by sub-sections (a), (b), and (c), such owner, agent, consignee, master, or commanding officer, shall, if required by the Attorney General, pay to the collector of customs of any customs district in which the vessel or aircraft may at any time be found the sum of \$10 for each alien concerning whom such lists are not delivered or such reports are not made as required in the preceding sub-sections. No such vessel or aircraft shall be granted clearance from any port at which it arrives pending the determination of the question of the liability to the payment of such fine, and if such fine is imposed, while it remains unpaid. No such fine shall be remitted or refunded. Clearance may be granted prior to the determination of such question upon deposit of a bond or a sum sufficient to cover such fine.

Section 254. (a) The owner, agent, consignee, charterer, master, or commanding officer of any vessel or aircraft arriving in the United States from any place outside thereof who fails (1) to detain on board the vessel, or in the case of an aircraft to detain at a place specified by an immigration officer at the expense of the airline, any alien crewman employed thereon until an immigration officer has completely inspected such alien crewman, including a physical examination by the medical examiner, or (2) to detain any alien crewman on board the vessel, or in the case of an aircraft at a place specified by an immigration officer at the expense of the airline, after such inspection unless a conditional permit to land temporarily has been granted such alien crewman under section 252 or unless an alien crewman has been permitted to land temporarily

under section 212 (d) (5) or 253 for medical or hospital treatment, or (3) to deport such alien crewman if required to do so by an immigration officer, whether such deportation requirement is imposed before or after the crewman is permitted to land temporarily under section 212 (d) (5), 252, or 253, shall pay to the collector of customs of the customs district in which the port of arrival is located or in which the failure to comply with the orders of the officer occurs the sum of \$1,000 for each alien crewman in respect of whom any such failure occurs. No such vessel or aircraft shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except the clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each alien crewman in respect of whom such failure occurs, upon such terms as he shall think proper.

(b) Except as may be otherwise prescribed by regulations issued by the Attorney General, proof that an alien crewman did not appear upon the outgoing manifest of the vessel or aircraft on which he arrived in the United States from any place outside thereof, or that he was reported by the master or commanding officer of such vessel or aircraft as a deserter, shall be prima facie evidence of a failure to detain or deport such alien crewman.

(c) If the Attorney General finds that deportation of an alien crewman under this section on the vessel or aircraft on which he arrived is impracticable or impossible, or would cause undue hardship to such alien crewman, he may cause the alien crewman to be deported from the port of arrival or any other port on another vessel or aircraft of the same transportation line, unless the Attorney General finds this to be impracticable. All expenses incurred in transferring an alien crewman from one place in the United States to another under such conditions and safeguards as the Attorney General shall impose, shall be paid by the owner or owners of the vessel or aircraft on which the alien arrived in the United States. The vessel or aircraft on which the alien arrived shall not be granted clearance until such expenses have been paid or their payment guaranteed to the satisfaction of the Attorney General. An alien crewman who is transferred within the United States in accordance with this sub-section shall not be regarded as having been landed in the United States.

Section 255. It shall be unlawful for any vessel or aircraft carrying passengers between a port of the United States and a port outside thereof to have employed on board upon arrival in the United States any alien afflicted with feeble-mindedness, insanity, epilepsy, tuberculosis in any form, leprosy, or any dangerous contagious disease. If it appears to the satisfaction of the Attorney General, from an examination made by a medical officer of the United States Public Health Service, and is so certified by such officer, that any such alien was so afflicted at the time he was shipped or engaged and taken on board such vessel or aircraft and that the existence of such affliction might have been detected by means of a competent medical examination at such time, the owner, commanding officer, agent, consignee, or master thereof shall pay for each alien so afflicted to the collector of customs of the customs district in which the port of arrival is located the sum of \$50. No vessel or aircraft shall be granted clearance pending the determination of the question of the liability to the payment of such sums, or while such sums remain unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of an amount sufficient to cover such sums or of a bond approved by the collector of customs with sufficient surety to secure the payment thereof. Any such fine may, in the discretion of the Attorney General, be mitigated or remitted.
